## SUBURBAN GENERAL

**With Panel  
Rear Doors**  
Body Ordering  
Code ZW9\*

**With Tailgate  
and Manual Drop  
Glass**  
Body Ordering  
Code E55\*

Suburban models have 4 side doors, two front and two rear. Front side doors are equipped with drop-glass and ventipane assemblies; the rear side doors have a drop-glass in the forward portion and fixed glass in the rear portion. The rear quarter windows have fixed glass.

Suburbans ordered with Body Ordering Code ZW9 have panel-type rear doors incorporating fixed glass, positive fork-cam latches, and an outside key lock. A 2-position, strap-type check on each door permits either a 118- or 162-degree door opening, depending on how the retaining pin is positioned; full door opening of 172-degrees is obtained by removing the retaining pin.

Suburbans ordered with Body Ordering Code E55 have a tailgate with a manually-controlled curved drop glass. Operation of the window is through an articulated crank-type regulator handle on the tailgate outer panel, a key lock cylinder is concealed in the regulator handle, and must be unlocked before the window can be lowered. After the window is lowered, the tailgate can be lowered by moving the release handle at the upper center of the tailgate inner panel. When the tailgate is open, it is supported by reel-type cables. Embossments on the tailgate inner panel facilitate loading of large objects. An optional electric tailgate window is available by ordering RPO A33.

\*Both models shown with optional folding center and removable rear seats

## TWO-TONE EXTERIOR COLOR COMBINATIONS\*

### SOLID COLOR

**Solid color** paint (ZY1) is standard on all models. All painted areas of the body and front end sheet metal are the same color.

**SOLID PAINT—ZY1**

### SPECIAL TWO-TONE

**Special two-tone** (ZY3) paint colors include the YG1 molding package consisting of black vinyl body side and rear moldings with bright trim, bright wheel opening moldings, and bright trim for front side marker lights and tail lights (except with the YG3 molding package or the Silverado Model Option where bright body side and rear moldings with black paint trim are substituted). The primary color is applied to the areas above the moldings (including the roof). The secondary color is applied to the areas below the moldings.

### SPECIAL TWO-TONE PAINT—ZY3 (Includes YG1 and B96 Moldings)

**Primary Body Color**

**Secondary Body Color**

### EXTERIOR DECOR PACKAGE

**Exterior Decor Package** (ZY5) paint colors and trim are available in a choice of eight combinations (see chart below). The package includes the moldings described under Special Two-Tone. In addition, it includes dual-tone body side and rear tape decal striping keyed to the exterior body color. This striping is applied to the front fenders, side doors and body sides and rear a few inches above the styling crease line. The areas above the striping and below the molding are painted the primary paint color. The secondary color is used between the striping and the molding. A bright sprung-loaded, stand-up type hood emblem is also included.
